

BLOCKCHAIN, TECH, and INSTRUCTION

| CEO of BlockSensys.com | 2016 - Current |

Building a Blockchain Digital Identity Management System.

| Cryptocurrency coin manager of Trollcoin.com | 2012 - Current |

Built and managed a cryptocurrency coin (trollcoin.com) from one Satoshi to one cent. Managed every aspect of the coin from technical development and exchange listings to marketing and social media presence becoming a respected member of the cypherpunk community. Built one of the first case ecosystems in Blockchain where Troll coin can be used to purchase mining equipment, video games, and NFTS on trollcoinstore.com and use case with our tipping bots on Twitter, Discord, Telegram, and Twitch.

| Blockchain Application Researcher & Instructional Technology Researcher | 2017 - Current |

Conducted design research of quantitative and qualitative methods. Analyzed data and wrote reports interpreting data. Presented data at multiple conferences. *Dissertation Title*: "Adoption Factors of a Blockchain Digital Identity Management System in Higher Education: Diffusing a Disruptive Innovation".

| Website Design & Instructional Technology Instructor | 2002 - Current |

Taught website development and implementation instructional video development and editing, picture editing, audio editing, and alt text implementation at California State University, Northridge. This was essential Youtube before youtube existed. Over the span of eight semesters, more than three hundred online instructional websites were built and used to teach other students. Currently still working on part-time contractual work with Wordpress sites.

| Instructional Technology English Instructor | 2013 - 2016 |

Co-Instructor in: "Using Computers in Classroom" at California State University, Los Angeles and taught Academic English. Also taught English for Academic Purposes at an English school in Santa Monica, CA. to students seeking entry into graduate school. Also tutored at the Children's Lifesaving Foundation at the Boy's Club in Venice, CA.
